

Declaration of the posted workers and social identification badge

In our newsletter of January, we informed you of the announcement by the Inspectorate of Labour and Mines ("Inspection du travail et des mines" - ITM) regarding the creation of the electronic platform, called "e-Détachement": <http://www.ifgroup.lu/en/news/currently/on-line-declaration-and-social-identification-badge>

This platform is now operational on the ITM website (<https://guichet.itm.lu/edetach/>)

After being registered and identified, the foreign company posting staff (or any other person mandated by it for this purpose) can now make an electronic declaration of the posted employees and post the social documents (A1 certificate, employment contract, etc.) in a PDF version on the platform.

It was initially foreseen to order the social identification badge and to pick up it at one of the ITM agencies. Practically, it was too complicated. Therefore, the ITM has just decided to modify its platform to allow foreign companies printing the document in A4 format which will constitute the badge.

In case of control, the ITM will be able to access the information provided by the employer at the time of the on-line declaration by scanning the barcode on the badge.
